Living Aboard Your RV - Gordon Groene 2001-11-15
Revised and updated for today's younger, savvy RV owners, this new edition of Janet and Gordon Groene's classic features a new section on home schooling, a more comprehensive resources section, and updated coverage on using the Internet to take care of such things as banking; staying in touch with friends, family and business associates; medical care; bill paying, and other essentials. Readers will also find the latest on new RV models. Yet, despite all the changes, *Living Aboard Your RV* retains the many timeless features that have made it the top-selling guide of its kind.

The Composting Handbook - Robert Rynk 2021-12-03
The *Composting Handbook* provides a single guide to the science, principles and best practices of composting for large-scale composting operations facing a variety of opportunities and challenges converting raw organic materials into a useful and marketable product. Composting is a well-established and increasingly important method to recycle and add value to organic by-products. Many, if not most, of the materials composting treats are discarded materials that would otherwise place a burden on communities, industries, farms and the environment. Composting converts these materials into a valuable material, compost, that regenerates soils improving soils for plant growth and environmental conservation. The *Composting Handbook* expands on previously available resources by incorporating new information, new subjects and new practices, drawing its content from current scientific principles, research,

engineering and industry experience. In both depth and breadth, it covers the knowledge that a compost producer needs to succeed. Topics include the composting process, methods of composting, equipment, site requirements, environmental issues and impacts, business knowledge, safety, and the qualities, uses and markets for the compost products. The Composting Handbook is an invaluable reference for composting facility managers and operators, prospective managers and operators, regulators, policy makers, environmental advocates, educators, waste generators and managers and generally people interested in composting as a business or a solution. It is also appropriate as a textbook for college courses and a supplemental text for training courses about composting or organic waste management. Created in conjunction with the Compost Research and Education Foundation (CREF) Includes the latest information on composting and compost, providing the first comprehensive resource in decades Written with focus on both academic and industrial insights and advances

Your Guide to Purchasing a Travel Trailer - John Patterson 2019-02-17

To consider purchasing a Travel Trailer, or any RV for that matter, it makes sense to investigate everything about the brand you are considering. All too often purchasing a travel trailer becomes an emotional decision rather than a decision based on functionality and reliability. We hope that this book serves as a guide so you can think through all of your needs prior to purchasing your travel trailer. There are many more considerations involved in purchasing a travel trailer than just the initial purchase price. Getting a great deal is fine, but having a great deal and then being frustrated and disappointed is not very satisfying. A trailer that lacks your most important requirements will leave you wondering why you didn't spend more time

shopping.

The Startup Owner's Manual - Steve Blank 2020-03-17

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute

how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

recreational vehicle to travel and live the RV lifestyle! About the Author Charley Dickson is a former Oregonian who now lives full-time in a 38' Class A motorhome in various places around the country. In his 30+ years of RVing, he and his wife have traveled in a pop-up trailer, a 30' travel trailer, a 29' Class C motorhome, a 40' 5th wheel trailer, and two Class A motorhomes. He's been to most of the country, but there are still many places he and his wife will be seeing. He's a firm believer in being more of a do-it-yourselfer rather than having someone else do a repair or modification. As such, he's a staunch supporter of doing the homework to find out as many aspects of a certain subject as possible. As such, this book is written for other folks who want to know more about RVing. HowExpert publishes how to guides by everyday experts.
