Economics Does Not Lie - Guy Sorman 2011-02

In 2005, *The Woman at the Washington Zoo* was published to major critical acclaim. The late Marjorie Williams possessed 'a special voice, one capable not just of canny political observations but of tenderness and bracing intimacy,' observed the *New York Times Book Review*. Now, in a

collection of profiles with the richness of short fiction, Williams limns the personalities that dominated politics and the media during the final years of the twentieth century. In these pages, Clark Clifford grieves 'in his laborious baritone' a bank scandal's blow to his re-pu-taaaaay-shun. Lee Atwater likens himself to Ulysses and pleads, 'tah me to the mast!' Patricia Duff sheds 'precipitous tears' over her divorce from Ronald Perelman, resembling afterwards 'a garden refreshed by spring rain.' Reputation illuminates our recent past through expertly drawn portraits of powerful - and messily human - figures.

Lemon-Aid New Cars and Trucks 2013 - Phil Edmonston 2012-12-01
Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash

rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.
