*The Painted Zoo* - 1999-01

The perfect match of content and format: Craft supplies, a full-color how-to book and nobody-else-but-Klutz creativity, all packed in a sturdy, re-usable plastic jar with a screw-top lid and a rope handle. The whole package is incredibly bright, cheerful, easy to stack and display, and completely shopwear-proof. Start with an empty Klutz Bucket. Fill with wooden animal shapes. Add eight acrylic craft paints, one brush, a fine point black marker and a 40-page Klutz book of full-color, paint-this-critter inspiration. And then, right at the end, toss in a good supply of wiggle eyes. End result? A zoo in a bucket. With it you can paint 24 wooden die-cut blanks into things like Technicolor tigers or polka-dotted pandas, paying absolutely no attention whatsoever to the way they're actually supposed to look.

*Twin Passions* - Lora Leigh 2012

Book three in the Wizard Twins series. Astra Al'madere betrayed all. Those she loved. Those she swore to protect. And all for the Dark Wizards whose passion and heat she can't live without. A Sorceress can sense her

Twins, the men destined to join her in her power to strengthen the planet of Sentmar, and Astra has sensed for a while-the Delmari are hers. She can't turn her back on them, deliver them to justice, even though they'd turned from her many years ago. A pain that still rips her heart in two. Torran and Rhydan knew the road to claiming their Consortress would not be an easy one. After all, a painful lie had driven her away, causing her to believe they didn't burn for her. Weren't consumed by her. But when she chooses to save them rather than honor her duty, the Wizards have the chance to show Astra she's always been the only one they desire.

**The Book of L** - G. Rozenberg 2012-12-06

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been cus tomarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power

series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and O (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Nominee 2007 Aurora Award - Best Short-Form Work in English finalist for: All the Cool Monsters at Once, James Alan Gardner This Ink Feels Like Sorrow, Karin Lowachee What happens When myth Meets storyteller? Something new is born. Mythspring Song and story. Myth and tradition. They are a shared legacy that both satisfies and inspires. Join these talented authors as they celebrate the rich, diverse, and occasionally truly odd culture of our country. Mythspring is an anthology of original short speculative fiction, including fantasy, science fiction, and horror, where each story is derived from a Canadian song, folktale, myth, or other cultural source. Excerpts of the source text or image appears in the book with each story, along with a brief description of how the author was inspired by it. Includes stories from notable speculative fiction authors such as Charles de Lint, James Alan Gardener, Alison Baird, Tanya Huff and Karin Lowachee. The stories will be suitable for an older young adult audience, and the book will be of great interest to educators. It will be included as a "special event" volume within the Realms of Wonder series of original fantasy anthologies. Be inspired. Celebrate our wealth of ideas and talent. Taste the delights of Mythspring.

**War on Sacred Grounds - Ron E. Hassner 2010-12-15**

Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith. Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims. Holy places thus create the potential for military, theological, or political clashes, not only between competing religious groups but also between religious groups and secular actors. In War on Sacred Grounds, Ron E.

Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested; he also proposes potential means for managing these disputes. Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount/Haram el-Sharif, leading to the clashes of 2000, and the competing claims of Hindus and Muslims at Ayodhya, which resulted in the destruction of the mosque there in 1992. He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979. Sacred sites, he contends, are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided. The management of conflicts over sacred sites requires cooperation, Hassner suggests, between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers. Because a reconfiguration of sacred space requires a confluence of political will, religious authority, and a window of opportunity, it is relatively rare. Drawing on the study of religion and the study of politics in equal measure, Hassner's account offers insight into the often-violent dynamics that come into play at the places where religion and politics collide.

**Odes** - Sharon Olds 2016-09-08

'Interspersed with acts of breathtaking linguistic daring.' Charlotte Mendelson, Observer Book of the Year Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-

examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

**The Impact of You** - Kendall Ryan 2015-06-04

**\*\*New Adult Romance\*\*** Needing an escape from her past, Avery chooses a college where no one knows her. Keeping a low profile was the plan, falling for the intense frat boy, Jase wasn't. Yet she can't deny how alive she feels when he's near. Even as common sense implores her to stay away, her body begs her to get closer. Jase, numb from his own family drama, has grown bored with weekends fueled by nameless girls and countless bottles when he meets Avery. Helping her cope with her past is better than dealing with the bullshit his own life's served up. Determined to drive away the painful secret she's guarding, he appoints himself her life coach, and challenges her to new experiences. Getting close to her and being the one to make her smile are simply perks of the job. But when Avery's past boldly saunters in, refusing to be forgotten, can Jase live with the truth about the girl he's fallen for? Recommended for 17+ due to mature themes and sexual content.

*One Peaceful World* - Michio Kushi  
2017-01-25

No matter where we live or what language we speak, food is an essential factor that shapes the way we think, feel, act, and respond to one another. In this milestone book, Michio Kushi presents his vision for building world peace through a sane way of eating. As the leader of the modern-day international macrobiotic movement, Michio has taught, lectured, written, and worked steadily to achieve his view of the future a world in which all people can live in harmony with nature and with one another. In 1987, he launched his One Peaceful World society, a worldwide educational organization devoted to bringing about world peace through a new awareness of the links between food and the emotions, natural law, history, and international order. This book lays the foundation for One Peaceful World. It includes case studies throughout history in which macrobiotic diets relieved conflict and sickness. It traces the rise of the organic and natural foods industry, to which Kushi has been a notable contributor. It offers menus and recipes, reference sources, and a wealth of information that point the way to a new approach to diet and thought. And it recommends additional actions that we can take to bring unity to the world. The book is divided into four parts. In Part 1, Kushi details his early life in Japan during World War II, and his journey to macrobiotics under the guidance of George Ohsawa. Part 2 delves into the cosmological and universal concepts behind macrobiotics, including the importance of yin and yang. In Part 3, Kushi discusses the values that are essential to creating One Peaceful World in modern times. And in Part 4, the author looks forward to a new world government. One Peaceful World is an important and fascinating book for anyone committed to good health, whole foods, and world peace.

book, "Crash Lane News" (published by AuthorHouse) from CrashLaneNews.com, combines security strategies and plans to help bring awareness to, and improve, traveler safety across the 50 United States, U.S. Territories and allies of the U.S. like South Korea, Taiwan, Japan and the Philippines. By combining stories of real-life situations with interviews and statistics, CrashLaneNews.com hopes to appeal to travelers who are looking for more than just dry news, but rather an all-inclusive story-based format that will appeal to their logical sides as well as their curiosity about real-life experiences. Information from the National Highway Traffic Safety Administration, the Department of Transportation and many more is included alongside accident, violation and disaster rates. Also included are interviews with the CTIA-The Wireless Association public relations office, NASA's Rani Gran, The National Weather Service, True Mileage's CEO Ryan Morrison, National Weather Service Interviews with Meteorologist Glen Field in Taunton, Massachusetts; Meteorologist Larry Ruthi in Dodge City, Kansas; and with additional meteorologists in Honolulu, Hawaii; North Carolina; Peach Tree City, Georgia; and Slidell/New Orleans, Louisiana; AAA Auto Club's Public Relations Officer, Cynthia Harris, of AAA's Northern California, Nevada, and Utah regional office in San Francisco, California; National Insurance Crime Bureau's Public Affairs Director Frank Scafidi and more. Travel advice for travelers is included from the Department of the State and the FCC. An excerpt from "Crash Lane News": "In the years after 9/11 there was a big issue and discussion about how there is a lack of transparency in the United States about information relating to Homeland Security and disasters like Hurricane Katrina. The lack of transparency in the military, and what later happened to many of those that volunteered to serve the United States is horrific. But with all the casualties, injuries, and failures, change to correct these errors can be made." CrashLaneNews.com's vision is to help travelers develop comprehensive plans for

their own safety. For more information, visit this link:

Electric Power Systems - Ned Mohan  
2012-01-18

Author Ned Mohan has been a leader in EES education and research for decades. His three-book series on Power Electronics focuses on three essential topics in the power sequence based on applications relevant to this age of sustainable energy such as wind turbines and hybrid electric vehicles. The three topics include power electronics, power systems and electric machines. Key features in the first Edition build on Mohan's successful MNPERE texts; his systems approach which puts dry technical detail in the context of applications; and substantial pedagogical

support including PPT's, video clips, animations, clicker questions and a lab manual. It follows a top-down systems-level approach to power electronics to highlight interrelationships between these sub-fields. It's intended to cover fundamental and practical design. This book also follows a building-block approach to power electronics that allows an in-depth discussion of several important topics that are usually left. Topics are carefully sequenced to maintain continuity and interest.
