moment. She cannot escape him. A dark basement, a hooded figure with a leering grin... No one believes her, but Brandy knows it's him. Her father. And he's back to remind her exactly who she belongs to. *May contain triggers. Mine contains scenes of a graphic nature.

The Middle Kingdom Ride - Colin Pyle 2013-04

When Canadian brothers Colin and Ryan Pyle set out from Shanghai on a motorcycle journey that had never previously been attempted, they thought they had some idea of what lay ahead of them. It was a misconception that had become evident by the end of Day 1. But, despite the many challenges they faced, 65 days and 18,000 km later they'd succeeded in circumnavigating China. In an expedition of extremes, Colin and Ryan visited the third lowest point on Earth and slept at Everest Base Camp beside its highest mountain. They travelled off-road through deep desert sand in suffocating heat, traversed mountain passes in freezing temperatures that turned the moisture in their clothes to ice, and rode in torrential rain through mudslides beside rapidly rising flood waters. At the end of their remarkable journey, the brothers has strengthened the bond between them, gained a Guinness World Record, tested their endurance to its limits, and shared an adventure that most of us will only ever dream of having. In this book Colin and Ryan take us with them as

they travel through the diverse and extraordinary landscapes of China, from its border with North Korea, to the ancient Muslim city of Kashgar, across the vast empty spaces of the Mongolian grasslands, over the mountains and into the monasteries of Tibet.

Sadhguru, More Than a Life - Arundhathi Subramaniam 2010
'The thirst to be boundless is not created by you; it is just life longing for itself.' -Sadhguru This is the extraordinary story of Sadhguru—a young agnostic who turned yogi, a wild motorcyclist who turned mystic, a sceptic who turned spiritual guide. Pulsating with his razor-sharp intelligence, bracing wit and modern-day vocabulary, the book empowers you to explore your

spiritual self and could well change your life. It seeks to re-create the life journey of a man who combines rationality with mysticism, irreverence with compassion, ancient wisdom with a provocatively contemporary outlook and a deep knowledge of the self with a contagious love of life. Described as 'a profound mystic, visionary humanitarian and prominent spiritual leader of our times', he is equally at home in a satsangh in rural Tamil Nadu as at the World Economic Forum in Davos. In his early years, Jaggi Vasudev (or Sadhguru as he is now known) was a chronic truant, a boisterous prankster, and later a lover of motorbikes and fast cars. It is evident that the same urgency, passion and vitality echo in his spiritual pursuits to this day, from his creation of the historic Dhyanalinga—the mission of three lifetimes—to his approach as a guru. In Sadhguru's view, faith and reason, spirituality and science, the sacred and the material, cannot be divided into easy binaries. He sees people as 'spiritual beings dabbling with the material rather than the reverse', and liberation as the fundamental longing in every form of life. Truth for him is a living experience instead of a destination, a conclusion, or a matter of metaphysical speculation. The possibility of self-realization, he strongly believes, is available to all. Drawing upon extended conversations with Sadhguru, interviews with Isha colleagues and fellow meditators, poet Arundhathi Subramaniam presents an evocative portrait of a contemporary mystic and guru—a man who seems to pack the intensity and adventure of several lifetimes into a single one.

Dreaming Of Jupiter - Ted Simon 2012-12-20

Ted Simon is the author of the classic travel book JUPITER'S TRAVELS. It documents his four-year journey round the world by motorbike, travelling through Europe, Africa, South and North America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.

Ducati 999 - Alan Cathcart 2003

How do you replace a legend? For Ducati, the Italian motorcycle manufacturer worshiped by racers and riders all over the world, the answer was to start from scratch. When the company decided to produce a successor to its immensely popular 916/996/998 series, it allowed designer Pierre Terblanche to create a completely new bike built from the inside out. This approach resulted in a radically styled motorcycle whose improved ergonomics offer greater comfort and control, with more agile handling at all speeds. Ducati also broke with tradition by allowing two of the worlds top motorcycling writers, Alan Cathcart and Marc Cook, to document the birth of the 999--from the earliest design ideas through final production. In an industry where product plans and manufacturing techniques are usually guarded like state secrets, Cathcart and Cook were given complete access to the designers, engineers, and technicians who worked to make the 999 a superbike sensation.

Somehow it seems like the only person he might risk telling about his dream is the school's biggest outcast - Melissa, the girl everyone calls "the witch's daughter." Maybe he could go back to his happy, easy life - his life before the dream. That doesn't seem possible though. Maybe this curse is, instead, a gift. Maybe it would be all right to be different - to choose the company of Melissa - even if he might lose his best

friend. A headful of MAYBE . . . and . . . THE DREAM.

Motocourse 2020-2021 - Michael Scott 2021-02-16

MOTOCOURSE 2020-2021 celebrates its 45th year of publication - and despite the World pandemic throwing the sport into chaos, what a year it was for motorcycle racing! In a thrilling MotoGP season, Marc Marquez and Honda were expected to be the dominant force once more, but an accident in the opening round saw him side-lined

for much of the season and left him with but a slim chance of retaining his MotoGP crown. Other riders stepped up in his absence and shared out victories. Ducati's Andrea Dovizioso, and Yamaha's trio of Maverick Vinales, Fabio Quartararo and Franco Morbidelli all took to the top step of the podium. The emergence of KTM as a race winning machine saw both Brad Binder and Miguel Oliveira join the list of first time winners, in a close fought battle for supremacy throughout the whole of the MotoGP field. Once again, Valentino Rossi defied the years to remain at the sharp end of the grid, whilst the Suzuki pair of Alex Rins and Joan Mir both looked equally capable of adding to the list of winners in an enthralling contest for the title. Editor Michael Scott provides a no-holds-barred assessment of all the aspects of a compelling season's action. MOTOCOURSE alone has full coverage of the support classes, Moto2 and Moto3, where Italian riders Luca Marini, Estea Bastinanini, Marco Bezzecchi were contenders to clinch the Moto2 crown, whilst Albert Arenas, Ai Ogura and John McPhee hotly disputed the Moto3 title. In World Superbikes, Kawasaki's dominance was challenged by Ducati's Scott Redding, with Jonathan Rea looking to retain his championship title for the sixth successive year, ahead of the chasing pack including Alavaro Bautista, Chaz Davies and Yamaha's Michael van der Mark. No book covers the motorcycle racing world in as much detail as MOTOCOURSE, which, in addition to the two major world series covers The World Supersport Championship, The British Superbike Championship and the AMA USA Superbike series. Incredible value for money, with 304 large-format pages, bursting with over 450 stunning colour photographs from the world's finest photographers, MOTOCOURSE covers it all. No wonder MOTOCOURSE is regarded worldwide as 'The Bible of Motorcycle Racing'.

Riding in the Zone - Ken Condon 2019-10-15

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon

identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

Jupiter's Travels - Ted Simon 2007-01-25

Jupiter's Travels - Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

From Para to Dakar - Joey Evans 2019-05-29

"I've realised that when things are really tough and there seems no hope for the future, it's sometimes just Chapter One of a really cool story, and the ending is entirely up to you." Joey Evans has always loved bikes, from his first second-hand Raleigh Strika at the age of six to the powerful off-road machines that became his passion later on in his life. His dream was one day to ride the most gruelling off-road race in the world, the

9000km Dakar Rally. In 2007 his dream was shattered when he broke his back in a racing accident. His spinal cord was crushed, leaving him paralysed from just below his chest. Doctors gave him a 10 per cent chance of ever walking again. Many would have given up and become resigned to life in a wheelchair, but not Joey Evans. Not only would he get back on his feet and walk, but he would also keep his Dakar dream alive. It was a long and painful road to recovery, involving years of intensive rehabilitation and training, but he had the love and support of both family and friends and an incredible amount of determination. Joey shares the many challenges he and his family faced, relating the setbacks, as well as successes, along the way to the Dakar start line. But the start line was only the first goal. His sights were set on reaching the finish line, which he did in 2017, the only South African to do so. From Para to Dakar is so much more than the story of one man reaching the Dakar finish line. It is a story of friendship and respect, compassion and kindness. It is about defying the odds to reach a dream, it is about grit, endurance and raw courage, and it is inspiring in its true heroism.
