Yucatán - David Sterling 2014-03-30

Winner, James Beard Foundation Best Cookbook of the Year Award, 2015 James Beard Foundation Best International Cookbook Award, 2015 The Art of Eating Prize for Best Food Book of the Year, 2015 The Yucatán Peninsula is home to one of the world's great regional cuisines. With a foundation of native Maya dishes made from fresh local ingredients, it shares much of the same pantry of ingredients and many culinary practices with the rest of Mexico. Yet, due to its isolated peninsular location, it was also in a unique position to absorb the foods and flavors of such far-flung regions as Spain and Portugal, France, Holland, Lebanon and the Levant, Cuba and the Caribbean, and Africa. In recent years, gourmet magazines and celebrity chefs have popularized certain Yucatecan dishes and ingredients, such as Sopa de lima and achiote, and global gastronomes have made the pilgrimage to Yucatán to tantalize their taste buds with smoky pit barbecues, citrus-based pickles, and fiery chiles. But until now, the full depth and richness of this cuisine has remained little understood beyond Yucatán's borders. An internationally recognized authority on Yucatecan cuisine, chef David Sterling takes you on a gastronomic tour of the peninsula in this unique cookbook, *Yucatán: Recipes from a Culinary Expedition*. Presenting the food in the places where it's savored, Sterling begins in jungle towns where Mayas concoct age-old recipes with a few simple ingredients they grow themselves. He travels over a thousand miles along the broad Yucatán coast to sample a bounty of seafood; shares "the people's food" at bakeries, chicharronerías, street vendors, home restaurants, and cantinas; and highlights the cooking of the peninsula's three largest cities—Campeche, Mérida, and Valladolid—as well as a variety of pueblos noted for signature dishes. Throughout the journey, Sterling serves up over 275 authentic, thoroughly tested recipes that will appeal to both novice and professional cooks. He also discusses pantry staples and basic cooking techniques and offers substitutions for local ingredients that may be hard to find elsewhere. Profusely illustrated and spiced with lively stories of the region's people and places, *Yucatán: Recipes from a Culinary Expedition* is the long-awaited definitive work on this distinctive cuisine.

Occupational Outlook Handbook - United States. Bureau of Labor Statistics 1976

Narrative of a Five Years Expedition Against the Revolted Negroes of Surinam - John Gabriel Stedman 1988

The New Annals of the Civil War - Peter Cozzens 2004

Selected from nearly 700 articles that first appeared in the Philadelphia Weekly Times from 1877 to 1889. Corrections of misconceptions about the Civil War. Compelling perspectives on familiar campaigns,

personalities, and controversies. With articles by leading figures and numerous illustrations, *Battles and Leaders of the Civil War* (0-252-02404-4) remains one of the most cherished works on the war. In the same spirit and tradition as that venerable collection, Peter Cozzens and Robert Girardi have selected the very best articles from the Weekly Times.

Mountaineering: The Freedom of the Hills - The Mountaineers 2010-08-25

"If there is only one 'how to' book to read for the aspirant and expert alike, it is *Freedom of the Hills*. In fact, it is fair to say that *Freedom* is the definitive guide to mountains and climbing and has influenced pretty much every climber." -- Conrad Anker * 50th anniversary edition of the title considered "bible" of climbing * With nearly 1 million copies sold, this is the all-time bestselling mountaineering and climbing title * Printed on 100% recycled paper Since the publication of the first edition in 1960, *Freedom*, as the book is known, has endured as a classic mountaineering text. From choosing equipment to tying a climbing knot, and from basic rappelling techniques to planning an expedition -- it's all here in this essential mountaineering reference. A team of more than 40 experts -- all active climbers and climbing educators -- reviewed, revised, and updated this compendium to reflect the latest evolutions in mountaineering equipment and techniques. Major updates include a significant new chapter on conditioning, plus detailed and extensive revisions to rescue and first-response, aid climbing, and waterfall and ice climbing.

The Festivals of Opet, the Valley, and the New Year - Masashi Fukaya 2020-05-28

This volume compares the religious and social functions of the Ancient Egyptian festivals of Opet, the Valley, and the New Year. Until now, detailed study of the New Year Festival has only been carried out with reference to the Greco-Roman period; this study turns its attention to the New Kingdom.

Lemon-aid Suvs, Vans, and Trucks - Louis-Philippe Edmonston 2005-10

The Cultural Encyclopedia of Baseball, 2d ed. - Jonathan Fraser Light 2016-03-25

More than any other sport, baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game, while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate, and the words and phrases of the game (for example, pinch-hitter and out in left field) have become common in our everyday language. From AARON, HENRY onward, this book covers all of what might be called the cultural aspects of baseball (as opposed to the number-rich statistical information so widely available elsewhere). Biographical sketches of all Hall of Fame players, owners, executives and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners and league presidents. Advertising, agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole

work is exhaustively indexed and includes 119 photographs.

Beautiful Bodies - Uroš Mati? 2022-03-15

This book explores the role of material culture in the formation of corporeal aesthetics and beauty ideals in different past societies and thus contributes to the cultural relativization of bodily aesthetics and related gender norms. The volume does not explore beauty for the sake of beauty, but extensively explores how it serves to form and keep gender norms in place. The concept of beauty has been a topic of interest for some time, yet it is only in recent times that archaeologists have begun to approach beauty as a culturally contingent and socially constructed phenomenon. Although archaeologists and ancient historians extensively dealt with gender, they dealt less with it in relation to beauty. The contributions in this volume deal with different intersections of gender and corporeal aesthetics by turning to rich archaeological, textual and iconographic data from ancient Sumer, Aegean Bronze Age, ancient Egypt, ancient Athens, Roman provinces, the Viking world and the Qajar Iran. Beauty thus moves away from a curiosity and surface of the body to an analytic concept for a better understanding of past and present societies.

Hart's Annual Army List, Special Reserve List, and Territorial Force List - 1913

Apostle to the Inuit - Edmund James Peck 2006-01-01

Apostle to the Inuit presents the journals and ethnographical notes of Reverend Edmund James Peck, an Anglican missionary who opened the first mission among the Inuit of Baffin Island in 1894. He stayed until 1905, and by that time, had firmly established Christianity in the North. He became known to the Inuit as 'Uqammaq,' the one who talks well. His colleagues knew him as 'Apostle among the Eskimo.' Peck's diaries of the period focus on his missionary work and the adoption of Christianity by the Inuit and provide an impressive account of the daily life and work of the early missionaries in Baffin Island. His ethnographic data was collected at the request of famed anthropologist Franz Boas in 1897. Peck conducted extensive research on Inuit oral traditions and presents several detailed verbatim accounts of shamanic traditions and practises. This work continues to be of great value for a better understanding of Inuit culture and history but was never before published. Apostle to the Inuit demonstrates how a Christian missionary who was bitterly opposed to shamanism, became a devoted researcher of this complex tradition. Editors Frédéric Laugrand, Jarich Oosten, and François Trudel highlight the relationships between Europeans and Inuit and discuss central issues facing native peoples and missionaries in the North. They also present a selection of fascinating drawings made by Inuit at the request of Peck, which illustrate Inuit life on Baffin Island at the turn of the twentieth century. The book offers important new data on the history of the missions among the Inuit as well as on the history of Inuit religion and the anthropological study of Inuit oral traditions.

Phil Edmonston's Lemon-Aid SUVs, Vans, and Trucks 2005 - Phil Edmonston 2004-12-01

Lost Land of the Dodo - Anthony S. Cheke 2008-01-01

Uninhabited by humans, the Mascarene Islands of the Indian Ocean were once home to an extraordinary range of birds and reptiles: giant tortoises, parrots, skinks, geckos, burrowing boas, flightless rails and herons, and, most famously, dodos. But the discovery of the three isolated islands in the 1500s, and their colonization in the 1600s, led to dramatic ecological changes. The dodo became extinct on its home island of Mauritius within several decades, and over the next 150 years most native vertebrates suffered the same fate. This fascinating book provides the first full ecological history of the Mascarene Islands as well as the specific story of each extinct vertebrate, accompanied by Julian Hume's superb color illustrations.

Civil War Writing - Stephen Cushman 2019-03-06

Civil War Writing is a collection of new essays that focus on the most significant writing about the American Civil War by participants who lived through it, whether as civilians or combatants, southerners or northerners, women or men, blacks or whites. Collectively, as contributors show, these writings have

sustained their influence over generations and include histories, memoirs, journals, novels, and one literary falsehood posing as an autobiographical narrative. Several of the works, such as William Tecumseh Sherman's memoirs or Mary Chesnut's diary, are familiar to scholars, but other accounts, including Charlotte Forten's diary and Loreta Velasquez's memoir, offer new material to even the most omnivorous Civil War reader. In all cases, a deeper look at these writings reveals why they continue to resonate with audiences more than 150 years after the end of the conflict. As supporting evidence for historical and biographical narratives and as deliberately designed communications, the writings discussed in this collection demonstrate considerable value. Whether exploring the differences among drafts and editions, listening closely to fluctuations in tone or voice, or tracing responses in private correspondence or published reviews, the essayists examine how authors wrote to different audiences and out of different motives, creating a complex literary record that offers rich potential for continuing evaluation of the country's greatest national trauma. Overall, the essays in Civil War Writing underscore how participants employed various literary forms to record, describe, and explain aspects and episodes of a conflict that assumed proportions none of them imagined possible at the outset.

Antarctic Comrades - Gilbert Dewart 1989

An American scientist recounts his experiences working with a Russian research team in Antarctica and discusses the benefits of international cooperation

Serçe Limani, Vol 2 - George F. Bass 2009-07-20

For almost a millennium, a modest wooden ship lay underwater off the coast of Serçe Limani, Turkey, filled with evidence of trade and objects of daily life. The ship, now excavated by the Institute of Nautical Archaeology at Texas A&M University, trafficked in both the Byzantine and Islamic worlds of its time. Known as "the Glass Wreck," it bore cargo that included three metric tons of glass cullet, including broken Islamic vessels and eighty pieces of intact glassware, along with various artifacts of ship life. This second volume of the discovery's investigation focuses on the excavation, conservation, and study of the glass found in the wreckage. The extensive catalog will be a valuable tool for archaeologists and scholars of Islamic glass and Islamic trade. Further, the systematic methodology and presentation of such a large undertaking will serve as a model for future study across many disciplines.

Labyrinth of Ice - Buddy Levy 2019-12-03

National Outdoor Book Awards Winner Winner of the BANFF Adventure Travel Award "A thrilling and harrowing story. If it's a cliché to say I couldn't put this book down, well, too bad: I couldn't put this book down." —Jess Walter, bestselling author of Beautiful Ruins "Polar exploration is utter madness. It is the insistence of life where life shouldn't exist. And so, Labyrinth of Ice shows you exactly what happens when the unstoppable meets the unmovable. Buddy Levy outdoes himself here. The details and story are magnificent." —Brad Meltzer, bestselling author of The First Conspiracy: The Secret Plot to Kill George Washington Based on the author's exhaustive research, the incredible true story of the Greely Expedition, one of the most harrowing adventures in the annals of polar exploration. In July 1881, Lt. A.W. Greely and his crew of 24 scientists and explorers were bound for the last region unmarked on global maps. Their goal: Farthest North. What would follow was one of the most extraordinary and terrible voyages ever made. Greely and his men confronted every possible challenge—vicious wolves, sub-zero temperatures, and months of total darkness—as they set about exploring one of the most remote, unrelenting environments on the planet. In May 1882, they broke the 300-year-old record, and returned to camp to eagerly await the resupply ship scheduled to return at the end of the year. Only nothing came. 250 miles south, a wall of ice prevented any rescue from reaching them. Provisions thinned and a second winter descended. Back home, Greely's wife worked tirelessly against government resistance to rally a rescue mission. Months passed, and Greely made a drastic choice: he and his men loaded the remaining provisions and tools onto their five small boats, and pushed off into the treacherous waters. After just two weeks, dangerous floes surrounded them. Now new dangers awaited: insanity, threats of mutiny, and cannibalism. As food dwindled and the men weakened, Greely's expedition clung desperately to life. Labyrinth of Ice tells the true story of the heroic lives and deaths of these voyagers hell-bent on fame and fortune—at any cost—and how their journey changed the world.

The European Antarctic - P. Roberts 2011-12-19

This is the first transnational study of British, Norwegian, and Swedish engagement with the Antarctic. Rather than charting how Europeans unveiled the Antarctic, it uses the history of Antarctic activity as a window into the political and cultural worlds of twentieth-century Britain and Scandinavia.

Yale Alumni Weekly - 1907

The Scramble for China - Robert Bickers 2016-02-25

In the early nineteenth century China remained almost untouched by British and European powers - but as new technology started to change this balance, foreigners gathered like wolves around the weakening Qing Empire. Would the Chinese suffer the fate of much of the rest of the world, carved into pieces by Europeans? Or could they adapt rapidly enough to maintain their independence? This important and compelling book explains the roots of China's complex relationship with the West by illuminating a dramatic, colourful and sometimes shocking period of the country's history.

The Adventures of Bubba Jones (#2) - Jeff Alt 2016-08-25

After Inheriting legendary time travel skills from their Papa Lewis, Tommy "Bubba Jones," and his sister Jenny "Hug-a-Bug," embark on a Shenandoah National Park adventure to solve a family mystery. From the moment they reach the park entrance, the excitement begins. As they follow the clues, they travel back in time hundreds, thousands, and millions of years and come face to face with extinct creatures, endangered species, the areas first inhabitants, past presidents, former park residents, and some of the park founders. They travel deep down into mountain hollows, high up onto Talus mountain slopes, and discover more about the Shenandoah than they ever imagined. Explore the Shenandoah with Bubba Jones and family in a whole new way.

Adventure Tourism - Steve Taylor 2013-02-11

Adventure tourism is an increasingly widespread phenomenon, appealing to an expanding proportion of the population who seek new destinations and new experiences. This timely, edited volume offers new theoretical perspectives of this emerging subset of Tourism. It uses philosophical and cutting edge empirically grounded research to challenge existing thinking and develop the conceptual framework underpinning definitions of adventure, interrogating the adventure tourism experience and further building upon recent advances in adventure education. The book brings together adventure literature from range of disciplines and applies it to focused study of Adventure Tourism. By doing so it significantly furthers understanding and moves forward this development of this area of Tourism. This significant volume is written by leading academics in the area, and will be valuable reading for all those interested in Adventure Tourism.
