Evangelical Christianity and Democracy in Africa - Terence O. Ranger 2008

In recent decades, Christianity

has acquired millions of new adherents in Africa, the region with the world's fastest-expanding population. What role

has this development of evangelical Christianity played in Africa's democratic history? To what extent do its churches affect its politics? By taking a historical view and focusing specifically on the events of the past few years, *Evangelical Christianity and Democracy in Africa* seeks to explore these questions, offering individual case studies of six countries: Nigeria, Zimbabwe, South Africa, Kenya, Zambia, and Mozambique. Unlike most analyses of democracy which come from a secular Western tradition, these contributors, mainly younger scholars based in Africa, bring first-hand knowledge to their chapters and

employ both field and archival research to develop their data and analyses. The result is a groundbreaking work that will be indispensable to everyone concerned with the future of this volatile region. *Evangelical Christianity and Democracy in Africa* is one of four volumes in the series *Evangelical Christianity and Democracy in the Global South*, which seeks to answer the question: What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World? At a time when the global-political impact of another revivalist and scriptural religion - Islam -- fuels vexed debate

among analysts the world over, these volumes offer an unusual comparative perspective on a critical issue: the often combustible interaction of resurgent religion and the developing world's unstable politics.

### **Theological Education in**

### **Contemporary Africa - Grant**

LeMarquand 2004

Part One addresses

'Theological Foundations.' The five essays in this section deal with the Bible, Theology and Ecumenism. The subjects of theological methods, contextual hermeneutics, and appropriate curriculum are given special attention. Of course even foundational issues cannot be

discussed in a vacuum and so each of the essays addresses these foundational subjects in the light of African realities. Part Two deals with 'Contemporary Issues.' It is particularly in this section that the traditional themes in African theology have been somewhat displaced by concerns which are today very pressing indeed. Three essays are devoted to the question of HIV/AIDS. This disease, which has devastated the African continent, demands a theological and practical response from those who claim to follow Jesus Christ. If the churches do not respond to this crisis with energy and determination we should not be

surprised if the next generation wonders whether the Gospel has the power which we claim that it has. Two essays address the question of Islam and Muslim-Christian Relations in Africa. The resurgence of Islam in the world today is a concern of many. For those who believe in Jesus, this is a challenge which demands much wisdom and love. How should we respond to our Muslim neighbours? What are appropriate and thoughtful ways to share the love of Christ? Two further essays appear under the title of 'The Marginalized.' This could, of course, be a much large section. Those who suffer from AIDS could be included in

this number, and one might have expected to see at least one essay on the place of women. In this volume, however, the 'disabled' and youth are highlighted. Both groups are clearly in need of the attention of the churches, and both groups are clearly misunderstood and neglected. The final section of Part Two contains essays, which focus attention on 'Theological Paedagogy.' All of the other contributions to this volume make suggestions and arguments about curriculum, resources, and issues of concern for theological educators. The causal aim of this book is that these essays

may help us to reflect in an intentional way on the implications of contemporary realities for the future of theological education.

What the World Said - Jason Camlot 2013-10-15

When not-very-religious Montreal poet Jason Camlot's father died, he decided to practice the strict one-year period of mourning of the religious Jew, which included attending synagogue every single day. What The World Said, Camlot's fourth full poetry collection, is an updated Kaddish for the post-google age, exploring the meaning of ignorance in the face of death. Ignorance of how to

practice sadness and rituals of mourning, and of how properly to experience longing and loss.

Camlot manipulates a wide range of forms to mine the relationship between the most intimate kinds of grief and the impersonal flood of discourse that the world pours upon us.

The Great and Holy War - Philip  
Jenkins 2014-06-20

The Great and Holy War offers the first look at how religion created and prolonged the First World War, and the lasting impact it had on Christianity and world religions more extensively in the century that followed. The war was fought by the world's leading Christian nations, who presented the conflict as a holy war. A steady stream of patriotic and militaristic rhetoric was served to an unprecedented audience, using language that spoke of holy war and crusade, of apocalypse and Armageddon. But this rhetoric was not mere state propaganda. Philip Jenkins

reveals how the widespread belief in angels, apparitions, and the supernatural, was a driving force throughout the war and shaped all three of the Abrahamic religions - Christianity, Judaism, and Islam - paving the way for modern views of religion and violence. The disappointed hopes and moral compromises that followed the war also shaped the political climate of the rest of the century, giving rise to such phenomena as Nazism, totalitarianism, and communism. Connecting remarkable incidents and characters - from Karl Barth to Carl Jung, the Christmas Truce to the Armenian Genocide - Jenkins

creates a powerful and persuasive narrative that brings together global politics, history, and spiritual crisis. We cannot understand our present religious, political, and cultural climate without understanding the dramatic changes initiated by the First World War. The war created the world's religious map as we know it today.

Nigerian Pentecostalism and Development - Richard Burgess  
2020-04-06

This book examines the contributions, both intentional and unintentional, of Nigerian Pentecostal churches and NGOs to development, studying their development practices broadly in relation to the

intersecting spheres of politics, economics, health, education, human rights, and peacebuilding. In sub-Saharan Africa, Pentecostalism is fast becoming the dominant expression of Christianity, but while the growth and civic engagement of these churches has been well documented, their role in development has received less attention. The Nigerian Pentecostal landscape is one of the most vibrant in Africa. Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society, often in fierce competition with Islam for dominance in Nigerian public

space. Some scholars suggest that the combination of an enchanted worldview, an emphasis on miracles and prosperity teaching, and a preoccupation with evangelism discourages effective political engagement and militates against development. However, Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices. This book goes on to explore the increasingly transnational approach that churches take, often seeking to build multicultural congregations

around the globe, for instance in Britain and the United States. Nigerian Pentecostalism and Development: Spirit, Power, and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development, and to development practitioners and policy-makers working in the region.

**Prophetic Jesus, Prophetic Church** - Luke Timothy Johnson  
2011-09-12

Christians chronically and desperately need prophecy, says award winning biblical scholar Luke Timothy Johnson. In this and every age, the church needs the bold

proclamation of God's transforming vision to challenge its very human tendency toward expediency and self interest -- to jolt it into new insight and energy. For Johnson, the New Testament books Luke and Acts provide that much-needed jolt to conventional wisdom. To read Luke-Acts as a literary unit, he says, is to uncover a startling prophetic vision of Jesus and the church -- one that imagines a reality very different from the one humans would construct on their own. Johnson identifies in Luke's writings an ongoing call for today's church, grounded in the prophetic ministry of Jesus Christ, to embody and enact God's vision for the world--from

**Blessed** - Kate Bowler 2018-03  
'Blessed' offers a comprehensive history of the rise of the American prosperity gospel. What began as diverse metaphysical, pentecostal, and self-help conceptions about the power of the mind became one of the most influential popular religious movements of the last century. The book follows how the movement took shape after World War II in pentecostal healing revivals and exploded onto the national scene through televangelists with big hair and bigger promises. It survived the scandals of the late 1980s and remade its image as a therapeutic and effective

theology of modern living. Now thriving in the 21st century megachurch movement, the prosperity gospel reigns as a full-fledged cultural phenomenon.

*The Media and the Church -*

Bachelor Thesis from the year 2017 in the subject

Communications - Media

Economics, Media

Management, grade: 89,00,

Helderberg College of Higher

Education, language: English, abstract: Mass media has become a big part of the lives of individuals. There is no doubt that social media have gained wider acceptability and usability and are also becoming probably the most important communication tools among people. Churches have also invested time and money in broadcast media such as television and radio. The Uses and Gratification Theory (UGT) was used for this study. The aim of this study is to see how the use of the media has impacted the church. To find out how the use of media has helped the SDA church as a whole grow, how it has helped

the different participating churches grow and how it has improved member relations. Many churches are using media to communicate with their members, spread the gospel, preach, reach and bring in new members. Churches do not usually get feedback from the people they reach. Churches are unaware of the impact they have on the people they are trying to reach or the members they communicate with. This study will help the churches know how their use of media is impacting their environment and how they can improve its effectiveness.

**Crowds - Megan Steffen**  
2020-05-26

What exactly is a crowd? How do crowds differ from other large gatherings of people? And how do they transform emotions, politics, or faith? In *Crowds*, contributors draw on their experiences and expertise

to reflect on their encounters with crowds. Each chapter examines a particular crowd or conception of crowdedness to provide an analysis of how, when, where—and with whom—crowds form in different contexts, as well as their purpose and the practical effect the experience has on both the participants and their environment. The wide selection of case studies ranges from the crowds that form every year during the Hajj, to New Year celebrations in China, commuters on the Delhi metro, public prayer in Nigeria, online mobs in Bangladesh, and the crowds that have emerged during protest movements in

Thailand and Syria. Crowds makes a key contribution to establishing an anthropological theory of crowds and will be an essential read for both students and researchers.

### **Information needs and Information seeking behaviour of Namibian pastors - David**

Matsveru 2014-06-01

This study investigates the information needs and seeking behaviour of pastors in Namibia. The purpose of this study is to establish the information required by pastors to carry out their work, how they seek information and the problems they encounter in doing so. A mixed-method approach research was used to

meet the objectives of the study. A stratified quota sample of 200 pastors was used based on Walpole's formula for proportions. One hundred and thirty-eight (69%) participants responded to the questionnaire, while 16 pastors from different denominations in Windhoek, purposively selected as key informants, were interviewed. The Statistical Package for Social Sciences (SPSS) basic level descriptive statistics were used to analyse quantitative data from the questionnaires, while content analysis was used to analyse qualitative data from the interviews.

*Questions about the Holy Spirit*

- S. Michael Houdmann,

General Editor 2013-08-22

Every person in the world has

felt the influence of the Holy

Spirit at one time or another.

For some, it's the conviction of

“sin and righteousness and judgment” (John 16:8). For

others, it's the comfort,

guidance, and strength He

gives. To some, the Spirit is as mysterious and unknowable as a night wind passing through the treetops. To others, He is as close and inviting as a friend across the table. But even those who know the Holy Spirit personally have questions about Him. As Oswald Chambers said, “The Spirit is the first power we practically experience, but the last power we come to understand.” That’s the reason for this book. What gifts does the Spirit give? How can I be filled with the Spirit? Will the Spirit ever leave me? We’ve received all these questions and more since GotQuestions.org was founded in 2002. To find the answers,

we opened the Bible, the one book inspired by the Holy Spirit Himself. In searching the Scriptures, we learn of the Spirit’s nature, His work, and His will. May the Holy Spirit use the questions and answers in this volume to increase your awareness of His presence, encourage your heart, and empower your faith.

How to Hear God - Pete Greig  
2022-03-01

Nothing could possibly matter more than learning to discern the authentic voice of God, but few things in life are more susceptible to delusion,

deception, and downright abuse. When life falls apart and we need God's comfort; in moments of cultural turmoil when we need his clarity; facing formidable decisions when we need his guidance; desiring a deeper faith when we need God to say something, anything, to turn the monologue we call prayer into a genuine conversation. Having addressed God's silence in *God on Mute*, and then *How to Pray* in his previous bestseller, Pete Greig is back to bring wisdom and guidance to one of the most pressing and perplexing aspects of universal Christian experience--*How to Hear God*. Exploring the story of Christ's

playful, poignant conversation on the road to Emmaus, Pete draws deeply from the insights of a wide range of Christian traditions. He weaves together the evangelical emphasis upon hearing God in the Bible, and the charismatic commitment to hearing God in the prophetic, with the contemplative understanding of God's "still, small voice" within.

*Workers in Training Manual -*

Enoch Adeboye 2016-08-04  
Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is

packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen

The author of *Desiring God* reveals the biblical evidence to help us see and savor what the pleasures of God show us about Him. Includes a study guide for individual and small-group use. Isn't it true—we really don't know someone until we understand what makes that person happy? And so it is with God! What does bring delight to the happiest Being in the universe? John Piper writes, that it's only when we know what makes God glad that we'll know the greatness of His glory.
